#42 Some mite not know this topic

Ratification is Requested of the contract award to On point construction for the student health Services Swing space at Laney College (bid no. 10-11-05 in the amount of ~~B~~ $132,680

The students we be live in this Budget crisist That is to much money to spend on a temparary fix.

~~Oh we will be spend~~

Because The Building will be Renivated in January. Many people Agree That would be waistfull funding further more student groups have no space. The BSU has had a office for over 20 years at Laney and we were promiced to have a space as long as there is a B.S.U.

Be cause of this health care project all groups are foreed to orginize in one Room, muslem groups have no ware TO pray and Thoughts of holding fund Raizors ~~have~~ for all groups ~~are no more~~ are out the window. The students are frustrated that we were not involved ~~we propose That~~ with the process of planing this Project

we propose that we inner contract with the construction classes and instructors ~~at Laney~~ to expand programs here at Laney create Jobs in Oakland ~~and~~, save money as well as saving face, in thiss crissist

~~and in closing~~ the the fee asked $17 per Student with Roughly 20,000 Students at Laney Required to pay That is nearly $200,000
This program has over payed for it self in this Semester alone if The Quote was $132,000
I urge you to let the Students keep their Student center
To Re think ~~this~~ the healthcare center plans, envolve the Students in the new planing
To cut Losses and maximize The profit ~~people~~ of The people of peralta

and in closing ~~we~~ win Thinking of cutting Student programs and Student services, mind you, Taking our Phacilities is the Saim as cuts
Think of ~~The~~ The talented 10 Bobby Seals the Sondre Swatsons the The Rondelloms and others who found their way at Peralta colleges serving the needs of the Students. Power 2 the people
