What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

The major issue is to continue to offer quality education during a financial crisis. Equal treatment when it comes to the backfill of property taxes is vital for recovery. We also need to be the source of workshop training, as we are the safety net for the state unemployment.

I continually look at all sides of an issue to ensure that the decision is the best for the majority. I advocated for quality education throughout my teaching career and continue as a trustee. Students have always been my focus and the future of California is in their success.

California's challenged finances have led to enhanced competition between Community Colleges and our colleagues in K-12, CSU, UC and private colleges.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

The major issues that will need to be addressed in the next couple of years boils down to equitable dollars being allocated for the amount of students our system educates, additionally, the need to increase student transfer rates and preparation for our students or student success best practices.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

I believe that my contributions to the CCCT board are in the relationships that I have fostered with our legislators who are more willing to listen when you address the needs of the state, not only your local area. My passion and commitment to the organization is a plus.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

Major issues

CCCT and the League should continue the efforts with the legislature toward an independent funding calculation not based on K-12 enrollment. We must actively promote the institutionalization of Basic Skills as a foundation for student success at all colleges. Local governance must be safeguarded.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

Contributions

I can work independently or in a group to get "the message" out to legislators and the community. Community support through the voting process will be the key to qualifying and passing the funding initiative.

What do you see as the major issues and activities that should be considered by CCCT and the League in the next two years? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

1. Successfully accommodating the increasing number of ill-prepared students entering college. Community Colleges are responsible, through education and vocational training, to prepare these students to contribute to society.
2. Diversification of our faculty, staff, and students. Diversity enriches the educational experience and makes all students feel welcome.

What do you feel you can contribute in these areas? **(50 words or less; any portion of the statement beyond this limit will not be included.)**

Student success must remain our highest priority. Budget crises can jeopardize great programs. It is better to fully fund good programs and cut programs that are not contributing. I have managed organizations with huge budgets - during budget crises - in the Air Force and Aerospace industry, and always accomplished the mission.
