

PERALTA COMMUNITY COLLEGE DISTRICT
Board of Trustees Agenda Report
For the Trustee Meeting Date of March 24, 2009

ITEM # 15

ITEM TITLE:

An Independent Contract with **AEKO Consulting** to build out the Data Warehouse for the Peralta CCD.

SPECIFIC BOARD ACTION REQUESTED:

Request approval for a contract with **AEKO Consulting** to provide consultant services to PCCD's Business Intelligence (BI) project for \$80 per hour, **not to exceed \$25,600**. The project (scope of work) will focus on the three specific deliverables: (1) a build out of the Data Warehouse designed to scale outward as the demand for specific reports grows in the Peralta District; (2) fully develop accurate reports that can be accessed using the Oracle Business Intelligence Enterprise Edition (OBIEE) Suite by licensed users; and (3) build an interface for advanced users to obtain raw data for additional ad-hoc analyses using Excel and other office applications.

ITEM SUMMARY:

PCCD has recently migrated from a mainframe information management platform to running district operations through a PeopleSoft system. The newly implemented system now powers the major service areas across the District including managing the student enrollment process, human resource functions, etc. To make use of this new, more powerful software, the District is interested in completing the construction of the Warehouse to power the BI tools and integrate historical student and enrolment data from the Legacy mainframe system.
