

Peralta Web Sites Update

January 19, 2010

Mike Orkin and Fabian Banga

Where Are We Now?

- There are now more than 100 active, WordPress web sites at Laney, Berkeley, and the district.
- There are links to Laney Instructional Programs and Student Services portals from current Laney home page.
- Some WordPress sites are all new, and some have content migrated from old sites.
- New sites stand alone and are also linked to old system until new home pages are launched.
- This is not a prototype. These are active web sites.

Where Are We Now?

- The WordPress framework is now installed at every college and the district. This allows all the colleges to participate.
- WordPress permits unified administration of multiple web sites, allowing a common look and feel.
- Custom themes and templates have been developed and are being used for department, program, and faculty web sites (sample links and screen shots follow).

Where Are We Now?

- We have done this with minimal resources:
 - Jennifer Burke (\$25k design contract) provided accessibility-compliant themes and templates
 - Thanks to WordPress ease of use, faculty and staff are developing their own web sites with little or no technical support, with administrative supervision by Orkin and Banga.
 - Student assistants helped migrate content from old sites.
 - WordPress has no licensing fees.

What's Next

- What's needed to launch new home pages for colleges and district: Extension of Jennifer Burke's design contract (additional \$25k).
- Content migration done by student assistants.
- Training to be provided by Orkin and Banga.
- Future web site management to be detailed in IT Master Plan.

What's Next

- LAUNCH NEW HOME PAGES for all colleges and district – May, 2010.
- Most content will be migrated to new web sites for Laney and Berkeley – May, 2010.
- District IT to host new web sites.

Go To Class With EasyPass

Students voted in the spring 2009 election to institute an AC Transit EasyPass program benefiting all Peralta students taking 9 or more units. With an 88 percent voter approval, Proposition A authorized a \$31 fee per semester to pay for this program.

With EasyPass, you can ride all AC Transit bus lines, including local and Transbay service, at all times. Plus, you can save over 94 percent off the local rate and 96 percent off Transbay service. The discount adds up to savings of more than \$1,000 a year! Moreover, Peralta students have shown that they are committed to supporting a more sustainable Peralta. Not only do you save money, but EasyPass is also a great way to reduce your carbon footprint and improve the environment.

EasyPass is valid for all students enrolled in 9 or more units for the fall or spring semesters. Currently, over 9,000 Peralta students are eligible for the fall 2009 program.
