Laney is in full Spring Swing:

Already this semester we have had:

- An interesting Welcome Back Event that showcased many of our learning communities & clubs
- The Black History Committee and the Black Student Union kicked off Black History month early with an African Heritage Wedding, Ethiopian food Feast all with the assistance of our international students.
- We were also privileged to have the opening of our newly renovated Health Center and the wonderful staff have been making strong efforts to get the word out to students about their services.

- Today we had hit radio station KMEL & Community Partner AC Transit out to raise awareness of the EZ Pass program and encourage students to take public transit. The ASLC took advantage of this time as well to distribute our new monthly newsletter the “Laney Express” this publication was another opportunity for the ASLC to communicate with the students about important information, dates and events happening at Laney.
-

- This Thursday is a big day for us at Laney we have on Thursday Feb 3rd an exciting Lunar New Year event planned with Lion dancers, martial art performers, Face changing performers, Vietnamese musical performances, lucky draw, food and more.
