

PERALTA COMMUNITY COLLEGE DISTRICT
Board of Trustees Agenda Report
For the Trustee Meeting Date of January 24, 2012

ITEM # 40

ITEM TITLE:

Consider Approval of Amendment No. 1 to Agreement with Anthonio, Inc. for DSA Certified Inspection Services for the Library/Learning Center Project at Merritt College

SPECIFIC BOARD ACTION REQUESTED:

Approval is requested for Amendment No. 1 to the agreement with Anthonio, Inc. for DSA (Division of the State Architect) certified inspection services for the Library/Learning Center project at Merritt College, in the amount of \$32,504.

ITEM SUMMARY:

This amendment is required because the project schedule was extended. The original contract dated April 8, 2011, is in the not-to-exceed amount of \$131,976.

Board approval is also requested to increase the previously estimated fee for inspection services on this project to the actual amount of the contract including the amendment, which is not-to-exceed \$164,480. Historically, each year the Board of Trustees has approved an estimated total for inspection services that are anticipated to be required for construction projects during the year. This was done in an attempt to expedite the delivery of DSA certified inspector services, which are required for all construction projects falling under the jurisdiction of DSA. Because the number of DSA certified, qualified and available inspectors is limited, in the past this annual "blanket" approval has allowed inspections to be hired for projects without requiring a separate Board approval for every project. At the meeting of April 27, 2010, the Board approved staff to contract with DSA certified inspectors as needed for construction projects in the total not-to-exceed amount of \$995,000. Separate projects were listed with estimated fees for DSA inspection services. One of the projects included in the approval was the Merritt Library/Learning Center. DSA inspection services for this project were estimated to be \$90,000. Board approval is required to increase this approval amount to the actual contract cost. In the future, Board approval will be requested for DSA inspector services on individual projects, rather than an annual authorization.
