

Agreement between Oakland Unified School District and Peralta Community College District to Operate Gateway at Laney Alternative High School

This Agreement is entered into between the Oakland Unified School District (“OUSD”) and the Peralta Community College District (“Peralta”) for the latter to house and provide instruction at the alternative education high school called Gateway to College at Laney College (“Gateway”) on the campus of Laney College (“Laney”).

Whereas, Gateway to College is a nationally recognized education model serving youth who have dropped out of high school;

Whereas, in June 2008, OUSD authorized the establishment of Gateway as an alternative education high school to be operated on the Laney campus;

Whereas, students attending Gateway will be concurrently enrolled in Laney and OUSD and from their first day will earn credits toward a high school diploma and an Associate’s Degree and/or credits toward a certificate program;

Whereas, it is anticipated that Gateway’s student body will largely be comprised of foster youth, adjudicated youth, teen parents, and students recovering from homelessness or drug, and alcohol abuse and who are on the verge of not completing high school by the time they are 18; and

Whereas, Gateway will be a school of high expectations and equally high levels of support from Peralta and OUSD in order to ensure that vulnerable youth receive a second chance to re-engage in education in a meaningful way and create better lives for themselves.

THEREFORE, the parties, intending to be legally bound, hereby agree as follows:

1. EDUCATION CODE AND WAIVERS

OUSD will seek and obtain all necessary waivers from the California Department of Education (“CDE”) in order to fully support Gateway to College operating within the community college structure. Such waivers include, but may not be limited to, those for: (a) the minimum numbers of instructional days and minutes without a corresponding reduction in ADA; (b) compulsory education and truancy laws; (c) computation of average daily attendance (ADA); and (d) §48900 of the Education Code which pertains to discipline of students matriculating in K-12 schools.

Peralta will seek and obtain all necessary waivers (if necessary) from the California Community College State Chancellors Office in order to fully support Gateway to College operating as an alternative high school on the Laney College Campus.

2. RECRUITMENT

OUSD agrees to actively provide referrals to Gateway (via community coordinator for alternative placement, high school counselors/principals etc). OUSD also agrees to include Gateway to College in

relevant marketing and community outreach efforts. OUSD agrees to timely authorize final approval of students selected by Gateway, as appropriate, based on the eligibility criteria outlined in Section 3 below. Gateway's other recruitment efforts will consist of outreach to community organizations, advertising, referrals from the juvenile justice system and social services system among other forms. Laney College also agrees to include information regarding Gateway to College in all of its marketing literature to the extent relevant.

3. ENROLLMENT/ELIGIBILITY

Attendance at Gateway is through application and selection only. Oakland's Associate Superintendent of Family, Schools, and Community Partnerships, or his/her designee, shall review and approve students selected to attend Gateway. Admitted students are considered concurrently enrolled college students (as defined by state law related to community colleges), and except as provided herein, with all the benefits and responsibilities of all other Laney student. By choosing to enroll at Gateway, students agree to forfeit certain benefits and conditions of a traditional public high school experience, such as, team sports, and high school activities.

Students enrolling in the program must:

- a) Be at least 16 years of age by the first day of class;
- b) Reside within OUSD's boundaries and meet the residency requirement for community college enrollment;
- c) Have dropped out of high school, will not complete high school by the time they are 18 and/or are deemed as "at risk" of dropping out;
- d) Be approved (referred) by OUSD, a sponsoring high school and/or referral community agency;
- e) Not have obtained a high school diploma;
- f) Have a minimum eighth (8th) grade reading level as assessed by a Peralta-administered examination;
- g) Be able to complete requirements to receive a high school diploma during the semester in which they have their 21st birthday (or be allowed to continue one additional semester if it is determined the student will graduate and/or with approval from OUSD);
- h) Have his or her enrollment approved by OUSD in order to ensure sustainability and compliance with guidelines for admittance.

Gateway to College students may be simultaneously enrolled in Adult school or other OUSD programs (e.g., Cyber High) and Gateway to College to allow greater access for students to earn their high school diploma and AA degree. Students may enter the program during the fall or spring semester and would normally be continuously enrolled until such time that sufficient dual credit has been earned toward completion of a high school diploma, until the student reaches age 21, or until students age 20 in the approved eligibility category described below complete their high school diploma.

Any exceptions to criteria **a** through **h** above will be made on an individual student basis and must be approved in writing by the Governing Board and/or Superintendent of OUSD or designee and the Laney College President or the President's designee.

If a prospective student who is not referred directly by OUSD attempts to apply to Gateway and if program staff determine that he/she does not meet the eligibility criteria listed above, the student will be referred to an appropriate service provider. Peralta, OUSD or Gateway staff may refer the student back to his/her neighborhood high school, an alternative education program, or to a local GED program, as appropriate. In such cases, the staff making the referral shall provide confirmation of the referral in writing to the designated school or center.

4. FUNDING

Gateway will be funded through Oakland's ADA funding. Base revenue limit amounts will be calculated at the prevailing amount established by the State with adjustments for direct and indirect costs. The estimated operating budget for the Gateway program shall be a calculation based on P-2 ADA multiplied by the base revenue limit. The base revenue limit will be 100% of OUSD funded revenue per ADA for the K-12 program and will be subject to all reductions and or increases as directed by all state sponsored budgetary tools utilized to project the District's budget. Peralta will invoice OUSD at the rate of calculated base revenue limit amount less OUSD's direct and indirect costs charged to similar programs each year (for the 2010-11 school year, the direct and indirect costs were 12.3% and 4.25% respectively) per-student per year for a school year consisting of a fall and spring semester. The Parties agree and acknowledge that the direct and indirect costs are subject to modification based upon the District's said costs as reflected in the annual adopted budget. If the per-pupil average daily attendance (ADA) changes either during the academic year or in subsequent years, Peralta will invoice Oakland an amount that equals the per-pupil ADA minus the authorized direct and indirect costs provided by the State. This amount shall be invoiced in the middle of each semester after the community college census day.

OUSD's direct cost deduction from the ADA remittance shall reflect the annual cost to OUSD for reporting and monitoring required of K-12 schools including, but not limited to: attendance; Annual Evaluation of Alternative Schools; Single Plan for Student Achievement; testing, technology (Aeries, IFAS), and data services; state and federal reporting, compliance, monitoring and support; fiscal services for state and federal funds; access to trainings, professional development and High School Network meetings; oversight and support from Network Executive Officer and Coordinator, Alternative Education; food services; Student Assignment Office support (referrals, transfers); and Department of Leadership, Curriculum, and Instruction (alignment of curricula, professional development).

OUSD agrees to provide an award letter to Peralta prior to the start of the fall semester. OUSD also agrees to provide written notice to Peralta if State adjustments to base revenue limit occur during the school year.

Peralta will also deduct from the ADA remittance of the annual cost to Peralta of all state reporting, MIS data services, fiscal oversight and support services. The annual cost of these charges will not exceed 5%.

Laney will work in conjunction with the Gateway to College National Network, the Peralta Colleges Foundation and other fundraising efforts to generate additional revenue for the Gateway to College Program.

Students will also be supported by categorical funds (e.g., Title I, State Compensatory Education funds) provided that Gateway is compliant with all State and Federal requirements for funding.

Peralta agrees to use Gateway funds in a manner consistent with CDE regulations. Gateway's estimated funding is attached as Exhibit A. Peralta will ensure that all fund accounting is transparent and accessible to OUSD and CDE.

Peralta will invoice OUSD twice a year, for the fall and spring semesters within 45 days of receipt of the census date.

Laney will ensure that Foundation Term instruction will include best practices in teaching and learning, will include an integrated, outcome-based curriculum and instruction. There is no cost for students to attend Gateway.

Peralta will award college credit for all courses successfully completed in accordance with official Peralta policies and procedures. Students must be enrolled in approved dual credit courses to receive both high school and college credit for the courses. OUSD will support Gateway to College Laney in approving additional courses for high school credit as appropriate, in a timely fashion.

Peralta will assign faculty to deliver and monitor the instruction of courses in order to assure the quality and uniformity of instruction in accordance with the standards established by the California Department of Education, Peralta, and OUSD. OUSD teachers who have a master's degree and meet the other requirements necessary for instructors at a community college shall be eligible to apply to teach at Gateway. Peralta will ensure that the highest qualified instructors with K-12 and/or accelerated learning for basic skills students be hired.

All courses for the Foundation term will be conducted on the Laney campus in Building A. Laney will provide other facilities on the campus as needed. After successfully completing the Foundation Term, Gateway students will transition to the comprehensive campus, taking classes with the general population of students at Laney. Students will be provided the academic tutoring support needed to successfully complete their courses.

An annual audit of the Gateway program will be submitted to OUSD and the CDE on an annual basis or upon request by OUSD or CDE.
