The Oracle PeopleSoft Community College Consortium represents 9 Community College Districts, with 25 Colleges, with total Full-Time Equivalent Student population of 282,077.76 (2012-13). This total includes Los Angeles Community Colleges District which is in the processing of implementing PeopleSoft Campus Solutions across 9 Colleges, with a go live of Fall 2016 and San Diego Community College District which is beginning its implementation process in September 2014.

Since 2011, Oracle has facilitated bi-annual meetings with California Community College PeopleSoft customers, primarily focusing on Campus Solutions. The meetings have provided the Colleges with Campus Solutions Roadmap presentation, demoing and discussing new functionality in PeopleSoft Campus Solutions as well as the Colleges sharing "best practices" using PeopleSoft.

The Consortium meets at least twice a year group usually at the Oracle Irvine Office, WebEx is available for those that cannot make the meeting in person. In the past year, we have had all PeopleSoft Campus Solution Colleges represented at the Consortium meetings either in person or on WebEx.
