Merritt College Fee-Based Course Additions

Add:

BIOL 865B, Natural History of Iceland-Field Study

90 Hours Lecture

On-site study in Iceland: Climate and weather, geology, geomorphology, glaciers, vegetation and flora, ecological succession, birds, conservation and culture.

LANHT 866, Top-Bar Beehive Construction

2 Hours Lecture, 3 Hours Lab

Top-bar beehives are an excellent choice for those who want to be able to provide pollination for their home gardens, and to harvest local honey and wax. Top bar hives are compatible with natural beekeeping practices, and they are simple, and affordable to make. In this workshop the instructors will provide pre-cut wood, and tools so that students can build their own top-bar hive.
